

HOW TO PLACE A MAX BID

If you are tired of repeatedly bidding, place a max bid. A max bid is when you set a custom bid amount and allow the system to automatically bid for you up to the max amount you set.

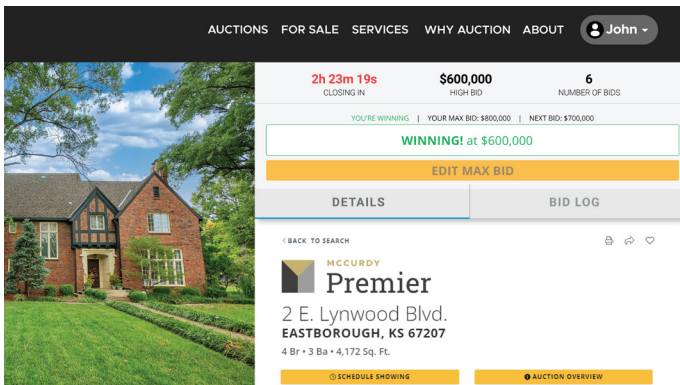

STEP 1

Hit the “MAX BID” button below the bidding button.

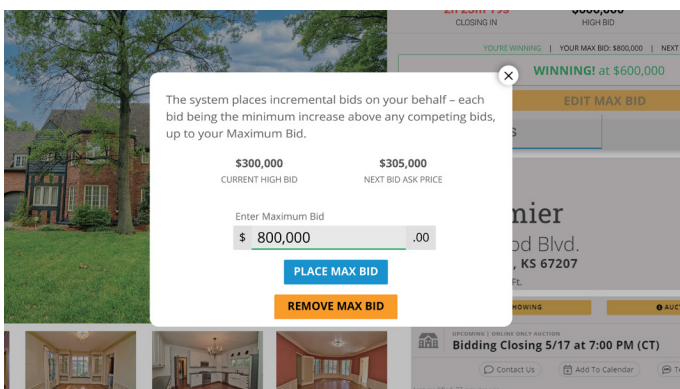

STEP 2

Type your max bid amount and then select the blue “PLACE MAX BID” button below and confirm.

STEP 3

Your max bid amount will appear above the bidding button as the system continues to bid for you up to that amount.

STEP 4

If you wish to remove your max bid, click the yellow “EDIT MAX BID” button and select remove the max bid and confirm.
